He also stressed the need for us to investigate meetings venue and refreshment seriously going forward.

On the term of office, Hon Paul Usen proposed a four-year single term and Mr president immediately objected to it, saying such issue should be carefully reviewed before taking a decision.

Mr President also asked where could be a suitable venue for this meeting since many people are complaining about the distance – there is a large number of people who are Johannesburg based.

Hon Udeme in his reaction said Pretoria is an ideal place since it's the headquarter of South Africa.

Hon Emmanuel Ekwere in his respond supported Hon Udeme's position that Pretoria should be considered as our all-time meeting destination.

Hon Felix said there was more attendance in Sandton and Johannesburg area than Pretoria and if possible, the venue should be rotational to accommodate every interested person who is willing to attend the meeting.

Hon Kingsley Ibokette in his remark thanked Mr president and the EXCO members for keeping the Association running.

He suggested that our digital platform such as our Facebook, Website, Instagram etc should be more active to create awareness of who we are and what we are doing as a people. He further said all the activities of the Association such as the minute and all other engagements should be updated on weekly basis.

Mr President said the digital platform as mentioned by Hon Kingsley Ibokette would be taken into consideration going forward.

Hon Kingsley Ibokette also said that the dues template should be brought back so that each person will know how much he/she has paid and what he/she owes the Association. He further advised that posting a content associated with what we do should be a priority for us to be known everywhere at ease.

Hon Reuben suggested a new Facebook account since who is managing it is making it difficult for others to access and perhaps a TikTok account be added so that we can as well be creating local contents in our diabetes to promote our culture as well.
